

The Dyadic Conversation

1. A dyadic conversation is a structured conversation you have face to face with one other person in a place where you can talk without interruption.

2. Complete each of the following questions and discuss it with the other person.

Be as open as you feel comfortable being. Complete the sentences anyway you want to. Try not to skip items. Don't read ahead, just focus on the question at hand.

3. Each of you should have a copy of the questions. Make sure you both answer all of the questions. Remember, this is not an interview it is a conversation.

4. You will be given a list of questions to answer for this assignment.

5. Remember, that is an opportunity to be introduced to each other's beliefs, thoughts and perspectives. There are not right or wrong answers, your lifestyle, perspective or choices are not to be judged.

Please keep the following rules:

1. The content of the discussion is to stay between you and your partner.

2. Don't skip questions

3. Each one has to answer before you go on to the next question

4. You have the right to refuse to answer any question brought up by your partner.

5. Don't worry if not all the topics are clear to you.

Take a look at your partner, if they are done reading, you both may start.
