

Dear Chosen One,

This message is meant for your eyes **ONLY**, so read on **silently**.

Inside this envelope you will find one large card and several smaller cards.

Do **not** show others the small cards yet. **Do** share the large card with your Cohort, which reveals a time and place for the closing ceremony of this

Cornerstone of Curiosity.

On the back of this card is a Hebrew phrase, which your group must learn.

Once you have completed this task, take the small cards out of the envelope and, *in a sly and sneaky way* distribute a card to each individual (i.e. slip it into someone's pocket, hand it to them while walking to the aforementioned location, etc.).

Let the curiosity endure.
