is afternoon, which is to focus on plans to draft a second rescue package for Greece. Ac-

Dow Jones quoted a senior eurozone official as saying that delays in Greek reforms were a

garde said that Greek reforms were not fast enough. "The prog

Artists join protests in central Athens

Artists and actors have joined the ranks of protesters in the city center, ranging from the self-proclaimed Indignant to members of various labor unions. The artists are protesting cuts to state spending in their sector. Members of theater groups have staged several performances in central squares in recent weeks.
