

## SOCIAL MEDIA PLAN SPRING 2020

### SAMPLE FACEBOOK POSTS BY MONTH

Here are a few sample updates for each month to give you some ideas about the kind of things you might post to Facebook to engage your community. You know your community best, so you should use these suggestions as a starting point and write your own updates as much as possible. It's also important that your updates feel genuine, personal, and in keeping with your organization's personality (as well as the campaign's tone). Feel free to edit the language so that they feel right for you and your community.

**Be sure to post your holiday updates the week **BEFORE** the holiday. That way people have a chance to use the resources you post!**
