Don't be afraid of what you see
Don't be angry, don't be mean
Give me a chance to grow and be
Holy
Deep as the sea, wide as the sky above
Each part of me is a gift of love
Bigger than words like "boy" or "girl"
I am a blessing to the world
Holy, Holy

I could bridge the divide between the two sides
I could bring peace to where the anger lies
I am balance to help you stand
Restore my soul, open up your hand
Sacred creation, as you can see
I dance in the sun and sing to the trees
Give me a chance to grow and be
Holy
Holy
