SESSION TIMELINE & OUTLINE:

Creating a task party is very simple! Just ask everyone to bring their creativity and follow through these three steps:

Step 1: Write down a fun, awesome task on a slip of paper, throw it in the fishbowl.

Step 2: Pick someone else's task and complete it.

Step 3: Repeat with creative abandon. We guarantee that mayhem and rampant creativity will ensue in this art game meets party, where there are no winners and no losers, only makers!
