

▶ **ACTIVITY: DIAGNOSE YOUR CHALLENGE**

<p>What is your technical diagnosis?</p>	<p>Challenge What are the technical components of the challenge?</p>	<p>Solutions What solution(s) to these technical challenges?</p>	<p>Locus of responsibility Who is responsible for solving the problem?</p>	<p>Obstacles What are obstacles to this problem solving?</p>
	Empty space for technical diagnosis			

<p>What is your adaptive diagnosis?</p>	<p>Challenge What are the technical components of the challenge?</p>	<p>Progress What needs to be learned about the challenge? How would you know that progress has been made?</p>	<p>Locus of responsibility Who needs to be involved in this learning process? Why?</p>	<p>Obstacles In what way are hearts, minds, loyalties and deeply held values proving to be obstacles?</p>
	Empty space for adaptive diagnosis			

Losses
What losses do people fear if the challenge is addressed?
