

## Appendix A

1. I imagine death so much it feels more like a memory  
When's it gonna get me?  
In my sleep? Seven feet ahead of me?  
If I see it comin', do I run or do I let it be?  
Is it like a beat without a melody?  
See, I never thought I'd live past twenty  
Where I come from some get half as many  
Ask anybody why we livin' fast and we laugh, reach for a flask  
We have to make this moment last, that's plenty

2. Look around, look around at how  
Lucky we are to be alive right now!

3. It takes and it takes and it takes  
And we keep loving anyway  
We laugh and we cry  
And we break  
And we make our mistakes  
And if there's a reason I'm by her side  
When so many have tried  
Then I'm willing to wait for it  
I'm willing to wait for it

4. If we lay a strong enough foundation  
We'll pass it on to you, we'll give the world to you  
And you'll blow us all away...

5. Scratch that  
This is not a moment, it's the movement  
Where all the hungriest brothers with  
Something to prove went?  
Foes oppose us, we take an honest stand  
We roll like Moses, claimin' our promised land  
And? If we win our independence?  
Is that a guarantee of freedom for our descendants?

6. Legacy. What is a legacy?

It's planting seeds in a garden you never get to see

I wrote some notes at the beginning of a song someone will sing for me

America, you great unfinished symphony, you sent for me

You let me make a difference

7. I'm past patiently waitin'. I'm passionately

Smashin' every expectation

Every action's an act of creation! I'm laughin' in the face of casualties and sorrow

For the first time, I'm thinkin' past tomorrow
