

Creation-Themed Scavenger Hunt

Overview:

Shabbat is deeply intertwined with the Biblical story of creation. In the story, God creates the world in six days, and then on the seventh, takes a day of Shabbat/rest to appreciate the beauty of creation.

This Shabbat/creation-themed scavenger hunt highlights the creation story and invites families to take a closer look at their surroundings. This can be a group activity, or something for families to do on their own.
